BARBARA VAN ORDEN

**Blame It On Midnight Show Review
April 23, 2011 in Palm Springs, CA**

Saturday night it was the one and only **BARBARA VAN ORDEN** with **RON SNYDER** on the piano. Barbara had a nice turn out including performer **JEROME ELLIOTT** & TV host and columnist **GLORIA GREER**. Barbara had some choice stories about the golden age of Vegas and Hollywood along with some clever parodies and a wonderful voice that went beautifully with her well-chosen song selections. And I cannot even put into words what a delightful person she is.
